Upeasy Powered Lifting Cushion

The Uplift Premium Power Lifting Seat is the portable option for those who struggle to stand from a seated position. Works on most armchairs or sofas. The seat provides 100% lift for users and, due to the non-slip base, it can be safely used in recliners. Weighing just 5.4kg, this power seat has a built-in carry handle, which makes it extremely portable. The cushion provides premium comfort due to its memory foam core which can give pressure relief. It is supplied with an easily removed zipped 100% polyester cover which is waterproof and machine washable. Maximum load: up to 21 stone.

EZ Stand and Go

The EZ Stand & Go can help you stand with confidence; without having to buy an expensive lift chair. It's perfect for those who are recovering from surgery, have back pain, general unsteadiness, or have a lower-set couch that is hard to stand from. Armrests are often set too low, and don't provide enough leverage to help you stand. The EZ Stand & Go can be installed in minutes, and places two handles right where you need it for maximum support while standing. It's fully adjustable to fit any couch, chair, or recliner; and like all Stander products, it blends in with your Living Room, like another piece of furniture, to maintain the comforting feeling of your home.

Smart ideas for easier eating and drinking

Eating together is one of life's simple daily pleasures – provided everyone can participate and enjoy their food. The award-winning family tableware by ORNAMIN has been designed with style as well as function, removing any stigma or embarrassment about using adaptive crockery, because its supportive features are hidden in its design.

PR65135/RD Red (£10.24) **£12.29**
 PR65135/BL Blue (£10.24) **£12.29**
 PR65135/BB Blackberry (£10.24) **£12.29**

 PR65134/BB Blackberry (£10.24) **£12.29**

ORNAMIN Mugs with Internal Cone

These mugs were invented for persons who have problems tipping their head back while drinking. In contrast to cups with a nose cut-out the Mugs with Internal Cone are intuitive, so they don't need any explanation. Furthermore, they look no different from conventional mugs, thus ensuring that there is no embarrassment about using an adaptive product. Their thermal function keeps drinks warm or cold as required.

Available with one or two ergonomically designed XXL-handles.

Conventional mugs

Mugs with Internal Cone

ORNAMIN Plate with Sloped Base

This award-winning plate has a sloped base and a discreet protruding lip hidden in its design. Combined with the non-slip ring on the bottom it makes eating easier e.g. for persons with limited motor coordination. Also ideal for one-handed use.

PR65132/WH White (£25.58) **£30.69**
 PR65132/RD Red (£30.74) **£36.89**
 PR65132/BL Blue (£30.74) **£36.89**

ORNAMIN Keep Warm Plate

This plate enables even the slowest eaters to enjoy their meal to the very last bite. The big openings are easy to fill with hot or cold water, the non-slip grip pads ensure a safe hold and conceal the openings. A non-slip ring on the bottom guarantees a firm stand.

PR65130/RD Red (£21.24) **£25.49**
 PR65130/BL Blue (£21.24) **£25.49**
 PR65130/BB Blackberry (£21.24) **£25.49**

ORNAMIN Drinking Lid

The ORNAMIN drinking lid is the perfect addition for the Mugs with Internal Cone. Like the mugs the lid is intuitive because the holes around the edge make it possible to drink from all sides. It is also hardly noticeable as it sits discreetly inside the mug. For those who prefer to use a straw, a special hole provides space for it to be attached.

PR65136/LID Transparent (£3.41) **£4.09**

ORNAMIN Spouted Lid

Another addition to the Mugs with Internal Cone is this spouted lid. The long spout allows persons e.g. with limited movement in the neck to drink without tipping their head back. The lid also prevents splashes and spills and enables safe drinking.

secucare Ramps

You are probably familiar with those aluminium threshold ramps. They are heavy, they become very slippery in the rain and are often at such an angle as to create more nuisance than comfort.

The new SecuCare threshold ramp system is made from durable synthetic parts that are quick and easy to assemble. Fits most thresholds, for both inside and outside doors. The system is sturdy, requires no maintenance and can be used in many situations. You can cross every threshold with ease! Maximum weight load: 850kg/m2

- ✓ **Modular** – quick and easy to assemble
- ✓ **Versatile** – suitable for indoor and outdoor use
- ✓ **Safe** – height adjustable with integrated anti-slip studs
- ✓ **Practical** – ideal for door thresholds and small steps
- ✓ **Standard Sets** – 4 standard sets are available for most thresholds
- ✓ **Lightweight And Strong** – extremely durable, UV resistant, synthetic material
- ✓ **Sustainable** – 95% recyclable, maintenance free
- ✓ **Custom Design** – bespoke, customised sized ramps are available

These new Dunlop Slippers have a wider velcro opening at the front and rear of each style of slipper. This makes putting on and taking off the slippers much easier for the wearer or indeed the carer assisting. The wider openings also help people with conditions such as swollen feet, as the wearer should find these slippers more adjustable and therefore more comfortable. These slippers are machine washable and have non slip, hardwearing soles.

The slippers are available in numerous sizes and in male and female styles.

The Hipshield Hip Protector

BEST SELLER

The Hipshield can help to prevent a fall becoming an injury and is designed to absorb and deflect impact away from the hipbone. The Hipshield itself is discreet and comfortable to wear and inside the protector is a lightweight honeycomb structure that compresses on impact. The Hipshield just slips into a pair of protector pants and is unobtrusive beneath skirts or trousers. Pants are available in two styles, male and female, in six sizes based on waist measurement. Made of 95% cotton, each pair has internal pockets that you simply 'slip' the Hip protector into before putting on the garment. Suitable for day or nightwear the Hipshield is available in 'single' or 'triple pack'. The Hipshield protectors should be hand washed with warm soapy water and be left to dry. This normally takes around 10 minutes. The undergarments may be washed by hand or in a washing machine at 60-90°.

The **single pack** contains one knickers/pants plus two Hip protectors. The **triple pack** contains three knickers/pants plus two Hip protectors. The perfect solution, one pair to wear, one in the wash and one spare! For sizing see chart below.

Soffisof all-in-ones come with a gathered waist and have a high absorbency rate which offers maximum comfort for the patient. Designed for a mobile user. The super absorbent polymers soak up liquids and along with the inner cuffs and repositionable tapes provide maximum protection against leakages. Gathered waist for comfort. A wetness indicator informs the user as to when the pad needs to be changed.

Both styles and all sizes supplied in packs of 15

Soffisof Shaped Pads

These pads are anatomically shaped with extra width to keep the product securely in place. Gathered waist to the front and back increase comfort and create a universal fit. Made from super absorbent polymers that lock liquid and odours into the pad. A wetness indicator tells the user when the pad is ready to be changed. Ideally worn with stretch net pants.

Every Mattress needs a Protect-A-Bed® Mattress Protector

Fact: Every night the human body loses at least a pint of body fluids through the skin pores and mouth, as well as millions of skin flakes. Unprotected mattresses create the perfect breeding ground for bacteria and dust mites (a major cause of asthma, eczema and rhinitis).

- Dust mite barrier & allergy protection
- Absorbent, air vapour porous and waterproof
- Terry cotton surface
- Allows airflow through mattress and bedding
- Cool and comfortable to sleep on
- Repels liquids like urine and sweat - especially helpful in cases of incontinence

REVITIVE
CIRCULATION BOOSTER

CLINICALLY TESTED
EMG TECHNOLOGY
DRUG FREE CLASS IIa MEDICAL DEVICE

REVITIVE Advanced is designed to:

- ▶ Reduce pain in legs and feet
- ▶ Reduce swollen feet and ankles
- ▶ Alleviate tired, aching legs & feet
- ▶ Actively improve circulation

When you sit or stand for prolonged periods, the feet and leg muscles are inactive and blood flow may reduce significantly, which can result in tired, aching legs & feet, swelling and discomfort. REVITIVE uses Electrical Muscle Stimulation (EMS) to stimulate these muscles - thereby actively improving circulation & relieving these symptoms.

Easy to use remote-control operation, a typical session lasts 20-30 minutes. Sit back, relax and let REVITIVE go to work.

Get even more from REVITIVE

Foot & Leg Gel - well-moisturised feet will increase conductivity which may increase the benefits of REVITIVE.

Gloves - designed to help improve the circulation in the hands and arms.

Electrode Body Pads - allow for targeting of other areas of the body, for example the lower back, upper back, knees, thighs & arms.

Unsuitable if you are: Fitted with a heart pacemaker or AICD. Being treated for, or have the symptoms of, an Existing Deep Vein Thrombosis (DVT), or you are pregnant. Always read the label. Use only as directed. If you are uncertain about the cause of your symptoms or your symptoms persist, please consult your Doctor.

Breathe easier with
**AEROSURE
MEDIC+**

Aerosure Medic provides drug free relief to make day to day life that little bit easier.

Everyone finds themselves huffing and puffing at some point. Whether it comes out of the blue or is there more often, it can be an uncomfortable experience. Breathe easier knowing you have the UK's only dual function respiratory device.

AEROSURE works on two well-established systems - **inspiratory muscle training (IMT)**† effects and **oscillatory positive expiratory pressure (OPEP)**‡.

IMT: This technique is designed to directly affect the functioning of respiratory muscles which are responsive to training.

OPEP: Designed to interrupt the expiratory airflow, which results in the airways vibrating.

In a recent clinical study in 23 people with COPD, daily use of Aerosure at home over an 8 week period resulted in a significant improvement in their breathlessness.

AEROSURE is a CE marked medical device intended to reduce breathlessness in patients with **COPD (Chronic Obstructive Pulmonary Disease)**.

"I have COPD and used to have to have my inhaler when I started wheezing about 3am in the morning, since using Aerosure twice a day I can now sleep all through the night. It took about 3 weeks of use before I felt the benefits. Best money I have ever spent and would highly recommend it!"

2 YEAR WARRANTY

PR61455 (£166.66) **£199.99**

PR61455/HEAD Replacement head (£24.99) **£29.99**

Aerosure Medic is a Class I Medical device registered with the MHRA. If you are unsure of the cause of your symptoms, please consult your healthcare professional. Always read the user's manual before use. For the full list of contraindications please refer to the product packaging or www.aerosure-medic.com. Aerosure Medic does not replace the need for medication already supplied by your doctor. Inspiratory Muscle Training (IMT) is a technique used to correct or increase respiratory function by improving the performance of the muscles involved in inhalation. Positive Expiratory Pressure (PEP) devices help inhaled air get behind the mucus in the lungs and helps keep the airways open, so mucus can be expelled through coughing/huffing.

A charge of £5.95 is for handling and carriage on all orders. This covers order processing, packaging, handling, insurance and delivery costs.

Why two Prices - VAT Zero rating

Some of the products in this catalogue are designed specifically for the relief of chronic illness or disability and may be purchased, by those eligible, without paying VAT. The VAT free prices are shown in brackets. For the products which do not illustrate prices in brackets, VAT relief cannot be claimed AND EVERYONE HAS TO PAY VAT.

You can qualify for VAT relief if you are chronically sick or disabled and are purchasing goods for personal and domestic use which are relevant to your disability. To claim VAT relief you must complete in full the declaration on our order form.

Important VAT Note:

Products that may be VAT exempt have been identified. It is the retailers responsibility whether or not to charge VAT. If VAT is not charged it is also the retailers responsibility to ensure that they obtain a valid VAT exemption certificate approved by customs & excise with every order from buyers that may qualify from paying VAT.

VAT Declaration - If you qualify for vat zero rating you must complete this section to claim relief from vat on the goods you are ordering. See below for details.

Goods and Services for disabled persons: Eligibility declaration by an individual. I declare that I am / the person for whom I am buying is / chronically sick or disabled by reason of (give a full and specific description of your condition, eg Multiple Sclerosis, Stroke, Rheumatoid Arthritis etc.),

_____ and that I am receiving the goods detailed above which are being supplied to me for domestic or my personal use and claim relief from value added tax under group 12 of schedule 8 to the Value Added Tax Act 1994

Mail Order

Handling and carriage cost illustrated applies to mainland UK only. Goods ordered by mail order may not be returned, for replacement or refund, if not suitable for your use, provided we are notified within 10 days of receipt. This is in addition to your statutory rights. The goods must be unused and in their original packaging. We reserve the right to charge for all carriage costs incurred.

Delivery

Orders will be delivered to the address shown on the order form by Royal Mail or National Carrier depending upon the size and weight. We aim to despatch within 14 days, but if you have not heard from us within 28 days, please contact us. Items may be sent separately, therefore you may not receive your entire order in one delivery.

Guarantee

All products within the catalogue are guaranteed against defects in materials or workmanship for one year, from the date of purchase, unless otherwise stated. We recommend regular visual checks to ensure your product is not showing undue signs of wear and tear.

Money Back Guarantee

If for any reason the products you receive are damaged or faulty, or even unsuitable for your purpose, return them to us unused, in their original packaging, within 14 days of receipt, and we will replace the goods or refund your payment.

Specialist Advice

For advice regarding the suitability of a product, we recommend that you contact an Occupational Therapist through your local Social Services. Your local Disabled Living Centre may also be able to help. For details of your local centre, call the DLF Helpline on 0870 6039177.
